

Peace By Piece

MAY 2016

The April PBP Meeting was amazing sight. So much fabric arranged so neatly waiting for us as we walked into the door in that morning. For many, it was the first time they had been a part of a kit bee. A very special thank you 🙌 to the volunteers that spent many hours preparing the fabric and setting up the room for the kit bee. The flow of creative juices could be seen on everyone's faces as they diligently worked to create 200 kits ready to be sewed over the coming months. Another 30 kits went home with a wonderful volunteer to cut the borders for the kits.
